SURNAME INDEX TO THE VITAL RECORDS IN THE ALBUQUERQUE MORNING JOURNAL – 1918

Howard W. Henry, Editor

INTRODUCTION:

The format for this index was developed to cover the major vital records that normally appear in the newspaper – births, deaths, marriages, and anniversaries. This is an index to the principals in the article and covers only those persons of either New Mexico origin or who participated in one of these events in New Mexico. In other words, an accident occurring in Texas or New York would be indexed only for those persons of New Mexico origin or residence. A marriage of a Texan and a Kansan, married in New Mexico and reported in the newspaper, WOULD be indexed here. The Albuquerque Morning Journal contains a great deal of information about events all over the state of New Mexico, since it is the largest newspaper in the state. It often had sections pertaining to news of persons in different cities of the state. Be alert when searching as often a subject appeared in more than one article on a page, but was only noted once in the index.

The researcher is advised that often during the year the newspaper usually had only one section, but many times they published two, three, and rarely four sections. They did not call them different sections, but just started numbering with "Page 1" on each section. We attempted to distinguish this by giving the different sections letter designations and caution the researcher to search for more sections of an issue when these letters appear.

On December 11, on page (B)1, there appears a list of 116 New Mexicans who died in action, died of wounds sustained, or died of disease and other causes suffered in the 1st World War. The names are indexed with the regular work, but a separate compilation of this list is attached as Appendix A.

The microfilm of the Albuquerque Morning Journal is housed in the Main Library and at the Wyoming Branch in Albuquerque, New Mexico. It is also found in the Zimmerman Library at the University of New Mexico. Photocopies of news items may also be obtained from the Genealogy Club of Albuquerque. See the special publications section at the end of this book.

APPENDIX A

World War I Deaths for New Mexico

While reading and indexing the Albuquerque Morning Journal for the year 1918 I discovered a listing appearing in December 11, 1918, on page (B)1, of the names of 116 New Mexico men that died during the war. Sixty-five were killed in action, thirty-one died of their wounds, and twenty died of other causes such as illness or accident.

I felt this listing may be of some importance to the genealogical researcher. Service records are available upon request from the National Personnel Center (Military Records), NARA, 9700 Page Boulevard, St. Louis, Missouri 63132. Forms for requesting service records may be obtainable from your local genealogical library.
